DAY OF ELECTIONS.

Municipal Contests in a Number of Cities.

EXCITING TIME IN CHICAGO.

Five Candidates in the Field for Mayor and the Official Count Necessary Before the Result is Known—The Republicans Elect the Balance of Their Ticket.

Elections in Other Cities.

CHICAGO, April 8.—The polls closed at 4 o'clock yesterday afternoon on one of the most exciting municipal elections ever known in the city of Chicago. The day was bright and sunny, and this, coupled with the fact that there were five candidates for the mayor's chair viz: Dewitt C. Cregier, Democrat, the present incumbent; Hempstead Washburne, Republican; Carter H. Harrison, Independent Democrat; Elmer Washburn, independent Republican, and Thomas Morgan, Socialist, caused a very heavy vote to be cast.

The Democrats did the most of their voting early in the day. Seventy per cent of the total vote cast was in the box before noon. The vast popular vote was simply enormous, comprising nearly two-thirds of the total, singularly enough after so bitter a campaign, in which so many conflicting interests were arrayed against each other, there was less brawling and fighting than was expected.

Results received up to this hour indicate the election of the full Republican city ticket composed as follows: Mayor, Hempstead Washburne; Treasurer, Jacob Tiedemann; City Attorney, B. F. Richardson; City Clerk, James R. B. VanCleave.

As Mayor Cregier, Democrat, is running ahead of his ticket it is safe to assume that the majorities on the Republican ticket outside of the mayor will be about 5,000.

It is impossible at this hour to give any indication as to the composition of the next city council as the returns on the vote for aldermen are coming in very slowly.

Major Cregier's friends claim his election by a majority of 20. The result will not be definitely known until later in the day.

SHOT AT A POLLING PLACE.

James Scott, a colored man, was shot and dangerously wounded at the polling place of the fifteenth precinct of the first ward during the afternoon. A number of roughs picked a quarrel with Jim Tinian, a Harrison ticket peddler. As an officer came up to stop the row, Scott turned and ran away to avoid the officer. As he did so an unknown man in the crowd drew a revolver and fired at the retreating negro, striking him in the back and inflicting a dangerous but not necessarily fatal wound. Tinian was arrested, but subsequently released. The police are looking for the man who did the shooting.

ANOTHER FATAL QUARREL.

A row between Republicans and Democrats at the Nineteenth precinct of the Thirtieth ward resulted disastrously to J. H. Clark, a Republican, who became engaged in the dispute. Clark was knocked down and his chest kicked in. He was taken to his home, where his injuries were pronounced fatal. Police officers are at work on the case.

HOT CONTEST IN DENVER.

DENVER, April 8.—The election for mayor was held in this city yesterday. The candidates were Judge Platt Rogers, Democrat, and W. H. Millburn, the present county clerk, Republican. The citizens' committee of one hundred had posted watchers at each polling place to supervise the voting, which they were permitted to do in all excepting the Thirty-first precinct of the Ninth ward. There the judges of election refused to admit them, whereupon the watchers smashed in the doors and took their positions beside the ballot boxes. The judges then closed the boxes and refused to receive any more votes in that precinct. Finally the police were called in to regulate matters and the polls were reopened.

Returns indicate that Judge Platt Rogers, Democrat, is elected by 2,000 majority. The rest of the Democratic ticket is elected by large majorities excepting city clerk, Vick Roy, Republican, is probably elected by a small majority. There were four tickets in the field—Republican, Democratic, People's and Citizens'. The People's and Democratic were practically the same as were those of the Republicans and Citizens'.

THE WORK OF PROTECTING IT FINISHED.

ELECTIONS IN KANSAS.

KANSAS CITY, KAN., April 8.—Elections were held in all the cities in this state yesterday. The returns from several cities show that the Citizens' Alliance did not cut much of a figure in the elections except where it endorsed the Democratic nominees. Abilene is the only city reporting a Citizens' Alliance victory. Returns from Leavenworth show that the entire Republican ticket has been elected for the first time in six years.

INCOMPLETE RETURNS FROM NEARLY ALL VOTING PRECINCTS OF THIS CITY GIVE A SMALL PLURALITY FOR STOUT, DEMOCRAT, FOR MAYOR. OFFICIAL RETURNS MAY CHANGE THAT.

MICHIGAN IS REPUBLICAN.

DETROIT, April 8.—The Republicans carried Michigan in an election for justice of the supreme court and two regents of the state university by from 5,000 to 7,000 majority. The vote was remarkably light and the returns slow in coming in. Judge B. M. Montgomery, of Grand Rapids, was elected to the supreme bench over Judge Chapman, who was a candidate for re-election, after serving ten years.

IN ST. LOUIS.

ST. LOUIS, April 8.—The municipal election which took place yesterday was one of the hottest in recent years. Three tickets were in the field. Independent, or municipal reform, the Republican and Democratic. The inde-

pendents polled a big vote, defeating the Republicans, but the indications are that the entire Democratic ticket is elected. About three-fourths of the registered vote was polled.

IN WISCONSIN.

MILWAUKEE, April 8.—Returns up to this hour indicate that S. U. Pinney, Democrat, has been elected associate justice of the supreme court. Robert N. Austin, Democrat, present city attorney of Milwaukee, who was endorsed by the bar association, has been elected judge of the superior court of Milwaukee county over the regular nominee of the county convention.

THE DIRECT TAX REFUND.

WRISTAKEN NOTIONS OF MANY PERSONS CONCERNING PAYMENT OF THE MONEY.

WASHINGTON, April 8.—The passage of the direct tax bill has caused an enormous amount of extra work to be thrust upon the officials of the treasury department. From all the states in the union letters are received daily inquiring about the payment, and there is a wide spirit of misapprehension as to just what the decision was. From Indiana and from Nebraska, from Texas and from Maine, letters have come inquiring about the chance of securing repayment by persons who believe that they have paid the direct tax to the government commissioners.

Of course the treasury can do nothing for the claimants, as the tax collected from the northern states was collected from the states themselves, and not from individuals. On the other hand, southerners have direct claims against the refund money, and in order to facilitate the proofs of these claims, the department has decided to engage rooms outside the treasury building, where all the records will be kept and where clerks can go through the files and secure such evidence as may be necessary to assist in returning to the people who paid the money the amounts which may be found due them. It is believed in the treasury department that it will be at least two years before the last dollar of the direct tax is paid out from the vaults.

KILLED AT A WEDDING.

A FOOLISH PISTOL USER CAUSES ANOTHER MAN'S DEATH.

NEW YORK, April 8.—There was a merry wedding held at the residence of Mr. Charles Hunt, in Hawthorne, N. J., Monday night. The ceremony was passed with great eclat, and after the minister had pronounced the couple man and wife, they started for their carriage. A number of the guests had provided themselves with rice, old shoes and the various things that tend to make the first trip of a married couple most happy, but unfortunately several of the men who witnessed the ceremony had brought revolvers with them, with the expectation of further livening the ceremony.

Just as the bridal party were leaving the house amid the congratulations of all the people present, the revolver of one of the guests, John Menth by name, was prematurely discharged, and the heavy pistol ball entered the brain of Albert Heidberg, who stood near him. The news was promptly sent to police headquarters, and Sergeant Conger was immediately detailed to the scene and succeeded in arresting Menth. Heidberg is lying at Mr. Hunt's house in a critical condition, and will probably die.

VERDICT IN A MURDER TRIAL.

AN INDIANA YOUTH GOES TO THE PENITENTIARY FOR TWO YEARS.

JEFFERSONVILLE, IND., April 8.—The Aldridge murder case ended yesterday in a verdict of two years against the accused. One year ago John Aldridge, quarreling with Will Gleason, hurled a piece of iron at him, killing him instantly. Neither were over 16 years old. Aldridge gave bond, but ran away to Texas, where a cousin wanting the reward offered to betray him, and he was brought back one month ago.

The Aldridge family is singularly afflicted. Six years ago Ben, the oldest son, was drowned in the Ohio river. Four years ago Bettie, the daughter, was shot and killed while alone in the parlor with her lover, George Yatell, who said she committed suicide. Now the only remaining child is branded as a man-slayer.

GEN. SHERMAN'S GRAVE.

SWITCHMEN STRIKE.

LINCOLN, NEB., April 8.—Thirty more Burlington switchmen went on a strike yesterday and eight trainmen were discharged for sympathizing with them. Ten non-union switchmen have been employed thus far, and the company hopes to fill all the vacancies by tomorrow. It is probable the strike may become general.

WAGE CONFERENCE.

AN IMPORTANT LABOR MEETING AT PITTSBURG.

COAL OPERATORS AND MINERS.

THIRTY-FIVE THOUSAND MINERS DIRECTLY REPRESENTED AND THE DELIBERATIONS OF THE CONFERENCE WILL AFFECT AS MANY MORE—STATE OF AFFAIRS IN THE COKE STRIKE—OTHER LABOR NEWS.

PITTSBURG, April 8.—The sixth annual wage conference of Ohio and western Pennsylvania coal operators and miners began yesterday. There were seventy-eight operators present and seventy-three delegates from the mines. Over 36,000 miners are directly represented, while the result of the conference will affect a total number of 15,000 miners. Alexander Dempster, operator of Pittsburgh, was unanimously re-elected president of the conference; Park McBryde, miner; J. Morton Hall, operator, and F. S. Brooks, operator, were elected secretaries.

The following scale committee was chosen: Ohio miners, J. P. Jones, W. H. Crawford; Pennsylvania miners, Abram Winder, C. E. Wallis; Ohio operators, H. S. Willard, C. Morris; Pennsylvania operators, George W. Schleiderberg, C. L. Lysart. The Monongahela miners are not represented in the conference, as they have made a successful independent fight for their wages this year.

After the convention the scale committee met. The miners presented their demand for an increase of 10 per cent. and the eight-hour day. The operators presented their demand for a reduction of about 10 per cent. These two demands will be presented to the conference. This will be promptly rejected by the opposing sides who will then begin their consideration for a settlement.

President Dempster in his opening address said the occasion was the most critical in the history of the business, and the utmost candor and wisdom would be needed to effect a settlement. It is believed that both sides will act conservatively.

The rules of the last convention will govern the proceedings. Delegates outside of Pennsylvania and Ohio will be given a voice but not a vote. The outside delegates of Illinois, Indiana, West Virginia and Kansas who are attending the conference will confer with the operators in their respective states on a scale based on whatever agreement may be reached by the conference. These outside states will each have their separate scale. They are competitive districts to Ohio and Pennsylvania, and the scales will therefore be modified only by local conditions.

The joint scale committee held a special meeting last night. The miners presented the following demands:

1. A general adjustment of the scale for machine work for an advance of 10 per cent.
2. Eight hours.
3. An advance of 10 per cent. for all hand digging.
4. That all coal at the railroad mines be weighed on the cars.

The operators demand a reduction of 10 per cent. No agreement was reached. Committeeman Jones, of the miners, said after the meeting that the situation was desperate.

THE COKE STRIKE.

MOUNT PLEASANT, PA., April 8.—Work was again commenced at Morewood yesterday morning with an increased number of men, which will doubtless be doubled by to-morrow. The workmen feel reassured of their safety by the presence of the National guard and are working with a will. Frick's works at Leith started up with small force of men under protection of twenty deputy sheriffs.

MINE WORKERS CALL A CONVENTION.

SCOTTDALE, PA., April 8.—The mine workers sent out a call for a special convention of the strikers, organized and unorganized, of the entire region, to be held here next Friday. The purpose of the meeting is to map out a course to bring the strike to a successful end, and to secure the co-operation of the non-unionists. Seventy or eighty delegates will attend.

SWITCHMEN STRIKE.

LINCOLN, NEB., April 8.—Thirty more Burlington switchmen went on a strike yesterday and eight trainmen were discharged for sympathizing with them. Ten non-union switchmen have been employed thus far, and the company hopes to fill all the vacancies by tomorrow. It is probable the strike may become general.

SITUATION IN CHILI.

THE CAUSE OF THE REVOLUTIONISTS IS MAKING PROGRESS.

PANAMA, April 8.—Passengers who have just arrived in this city by steamer from Vaporaiso declare that the cause of the revolutionists is making progress. They assert that in the city of Valparaiso the sentiment of the revolutionary party is becoming very strong. It was pretty generally expected when they left there that on the arrival of the fleet, the troops now adhering to the Balmaceda government would renounce their allegiance and go over to the opposition.

It is argued that President Balmaceda realizes that his cause is waning from the fact that he is recruiting his forces from the prisons. The reports of loss of life and property resulting from the revolutionary uprising which have reached the outside world, these passengers declare, have been much exaggerated.

FRUIT CROP RATE.

CLEVELAND, April 8.—Five suits were filed in the United States district court here yesterday against the Pennsylvania Railroad company for damages, aggregating \$118,000. The suits were brought by people who have lost arms and legs under the cars.

SUING A RAILROAD COMPANY.

CLEVELAND, April 8.—Passengers who have just arrived in this city by steamer from Vaporaiso declare that the cause of the revolutionists is making progress.

MINNEAPOLIS, April 8.—Mr. Dean, the famous peach grower, telegraphed from Marble Hill, "fruit crop all safe."

A MAD DOG'S DEADLY WORK.

MINNEAPOLIS, April 8.—A special

from Britt, Iowa, says: Dozens of cattle, horses and hogs are dying of hydrocephalus. A mad dog ran amuck in that

vicinity several weeks ago.

THE

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

WEDNESDAY, APRIL 8, 1891.

DR. CLARDY, candidate for Governor, has been interviewed by the Owensboro Messenger, and says:

"The truth is Brown is the only contesting man. And let me tell you, Western Kentucky is entitled to the Governorship, and I want her to have it. I want it and I am after it in earnest, but if the people do not want me I want John Young Brown to have it. I am for my home people all the time. Those fellows up there have had things their way so long that I think it is time the whole State was getting tired of it, and I believe it is. We shall see after the convention who is right about some of these things."

The present race will not be a sectional one. Some of Hon. John Young Brown's warmest friends are to be found in this part of the State.

THE citizens of Millersburg do not forget and they don't manifest much of a forgiving disposition. Rev. John Reeves, Presiding Elder of this district of the M. E. Church, South, took some part in removing the Wesleyan College to Winchester a few years ago, and last Sunday night he was treated in a most shameful manner at Millersburg. Some unknown parties egged him as he walked along the street after having conducted services in the church at that place. The citizens of the town held a meeting next day and condemned the outrage, but they are indirectly responsible for it. The disgraceful doings of the miscreants will always remain a blot upon the fair name of the place.

THE City Council called a special meeting Friday night and restored George Deiner's coffee house license. The saloon keepers threatened to form an association and not take out any license next year. In that event it would bankrupt the old town.

The above appeared among the Maysville items published in the Kentucky Post of Covington. The Post's correspondent must have a very poor opinion of Maysville's financial standing to make such an assertion. He knows, or ought to know, that there are no grounds whatever for such talk.

Here's another one of his news items: The people of this city are jubilant over the defeat of the proposition to give the Cynthiana Western Railroad \$150,000 in Harrison County.

If there has been any jubilating among our citizens over the defeat of a proposition over in Harrison County—a proposition that did not affect them in the least—it has been kept very quiet.

Catlettsburg called the Post to account not long ago for damaging "specials" sent it from that place. The first item above is not calculated to do this city any good. "A word to the wise is sufficient."

The Farmers' Alliance.

Mr. T. T. Gardner, of Bardwell, Carlisle County, President of the Kentucky Branch of the Farmers' Alliance, was at Louisville yesterday, and in a talk with the Times, said: "The Alliance will take no hand in politics, for our constitution gives every member the privilege to vote he pleases. There will be no meeting or convention of the Alliance to take action in the Governor's race. A great many farmers, I believe, will vote for Dr. Clardy because they know him. Many, on the other hand, will support Mr. Brown. The farmers are much dissatisfied with the action of the Central Committee in choosing only the county seat as a place for selecting delegates to the convention, which is to select a candidate for Governor. They think they ought to have had several voting places in a county, and many who wish to vote will not have time to reach the county seat. The protest may not amount to much, however. The Kentucky farmers are generally Democrats, and, I guess, will vote with the party.

"There may be a third party formed some time in the future, but it can't be inside the Farmers' Alliance for our constitution bars political questions."

County Court Doings.

John Johnson was appointed guardian of Joseph and Lizzie Chancellor.

Allen Grover was appointed administrator of Abel Rees, and executed bond with Abel Rees, Jr., surety. Appraisers: J. D. Raymond, Calvert Arthur and Henry B. Cracraft.

The annual report of the Maysville, Orangeburg and Mt. Carmel Turnpike Company was filed. The cash on hand April 1, '90, was \$918.85; the receipts were \$6,798.78, and the disbursements \$3,976.23, leaving a balance of \$1,741.40 on hand.

Rev. J. W. Clarke, colored, was granted right to perform the marriage ceremony.

The last will of Martha Louisa Claybrook was admitted to record.

Robert Terhune qualified as executor of Martha Louisa Claybrook and T. J. Pickett, Garrett Sullivan and Thomas Worthington were appointed appraisers.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

FREE PUBLIC LIBRARIES.

"A Field for Public Spirited Men of Wealth to Make a Note Of."

The "In-and-About-the-State" editor of the Courier-Journal says: "Richmond is preparing to establish a free public library, and at Maysville a modest fund, left some time ago for that purpose, is about to be put to similar use. The attempt of these cities in this direction ought to succeed. Kentucky is deficient in nothing so much as in free public libraries. In fact outside of Louisville and Lexington there are practically none in the State. There are libraries in some of schools and colleges, but they are not of the kind, nor are they managed so as to supply the need of free public libraries. There are also many valuable private libraries in Kentucky homes—greater in number and in value than is generally supposed—but these of course also fail to meet the necessity to which a free public library would contribute. Kentucky's backwardness in this respect is little to its credit, and gives some point to the thrusts that are frequently made at our educational facilities by communities that have been quicker to recognize and meet this want of the people.

"The manner in which the Polytechnic Society's library in Louisville is made use of by people of every class shows that Kentucky people easily acquire the reading habit when they have the opportunity. We have waited for the demand to manifest itself before attempting to supply free libraries, instead of supplying the libraries to foster and create the demand. The people have become accustomed to doing without such opportunities, are not conscious of needing them, and of course do not demand them.

"It is a curious fact that as Kentucky's live-stock interests have grown, its neglect of educational matters has become more pronounced. Transylvania University was one of the first institutions of learning established west of the Alleghenies. It was the pioneer in learning in the great West. For years its faculty numbered the most brilliant men of the day, students flocked to its lecture rooms from every direction, and it was famous not only throughout the United States, but in Europe as well. Its library was thought a large one for that early period, and it perhaps never occurred to the Kentuckians of that day that the State would so soon and completely lose the leadership it had assumed in the West in learning and in letters.

"But sectarian quarrels killed Transylvania, its library never grew any larger, and the seed planted has thrived but poorly. There may be something in the reflection of the wise man who inquires, in Holy Writ, 'What can a man know, whose task is of bullocks?' Somehow, fat cattle and fast horses don't go along with attainments in letters or with interest in schools and libraries.

"But Kentuckians don't all raise bullocks or horses, and in the towns there is a growing class of people who want some other literature besides stock catalogues and some other history besides pedigree lists, and Richmond and Maysville are setting an example in recognizing the wants of this class. There are libraries in abundance in Kentucky, but there is almost no provision for public libraries for the free use of people of every class.

Here is a field for public-spirited men of wealth to make a note of. Give your town a monument to yourself in the shape of a free library.

Laid to Rest.

Says the Cincinnati Enquirer: "Adolph Schreiber was buried at Spring Grove at half-past one Tuesday afternoon. A week or so ago he jumped from his buggy coming down Kenton street hill to prevent his frightened horse from throwing him over the bridge. He sustained a severe compound fracture of the ankle, the bones penetrating the flesh several inches. He was removed to his residence and received the best of medical attention, but the severe shock affected his intensely nervous system and he succumbed. He was a member of the well-known firm of Schreiber & Brothers, and one of the last pieces of work he was engaged on was the erection of an iron four-story addition to the Enquirer composing rooms. Mr. Schreiber was a very popular man, genial and affable, and died at the early age of thirty-three. He leaves a wife and two children. A large circle of friends mourn his loss."

Reception at the Public Library.

The ladies of the Public Library Association will hold a reception Friday evening from 8 to 10 o'clock, at the Public Library on Sutton street. The improvements will be completed by that time. The Maysville Orchestra will furnish music for the occasion, and refreshments will be served. The citizens of Maysville and also of the county are cordially invited. The young ladies who took part in the carnival are invited to assist the members of the association at the reception.

Miss Mae Eshorn, of Maysville, is visiting her cousin Miss Maggie Richmond, Covington Commonwealth.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

OUR NEIGHBORS.

RECTORVILLE.

Farmers are getting blue.

The sick folks in town are all better.

Miss Dorcas Wear is confined to her bed with measles.

Miss Lida Riggan, of Cottageville, is visiting Miss Nannie Trisler this week.

Mr. Henry B. Kirkland, of Johnson's Junction, is visiting his brother, J. L. Kirkland, this week.

MAYSICK.

We have had all kinds of weather for the last ten days—rain, snow and mud.

We are glad to know that Mrs. Lamira Duke, who has been at the point of death for several weeks past, is much better, and great hope is now entertained that she will get well.

Our town election came off last Monday, and some interest was manifested. Below is the vote cast for Trustees: Gullfoyle, 42; Geo. Benz, 45; Dr. M. H. Davis, 24; Dr. R. R. Wheatley, 30; Chas. M. Cole, 14; Sant. Roff, 24; James McGhee, 28; Wm. Cole, 15; Martin Fay, 33; Wm. H. Worthington, 11. For Police Judge C. G. Worthington got 52 votes.

MORANSBURG.

The wheat crop is looking very promising at this time.

Elder Wm. Hall went to Vanceburg last Saturday to hold a meeting.

Robert Perrine, Jr., sold his Spanish jack to parties in Kansas last week for \$625.

The continued wet weather will make our farmers late with their spring work.

Our farmers congregate at the postoffice daily and grumble about the wet weather.

John Wells sold his fine harness horse to Dan Mitchell, of Helena, last week for \$145.

Rev. S. A. Day, the State evangelist and sweet singer, is engaged in a revival meeting at the Old Stone Church.

Dick Moldin reports the sun dancing Easter morning. We never saw the sun dance, but we do remember seeing the moon salsa a time or two during the merry Christmas times.

WASHINGTON.

Whisky's blight may be seen on every side.

If parents will not exercise the most vigilant care over their sons while young, they need not be surprised if in the end they wall over them as drunkards.

Some persons have an idea that it is a difficult thing to write articles for newspapers. Not so, by any means. The difficult thing is to get news papers to publish the articles after they are written.

What notice of the battle of Shiloh recalls to our memory the gallant, handsome and talented Captain Samuel T. Forman, son of our late honored and respected Captain Geo. L. Forman, who offered up his heroic life on that bloody field and fell in the front-line of battle.

Why is it we so often hear of the given offense of selling liquor to a minor? The answer is plain and simple. It is of minors that drunkards are made, and without this continual augmentation of the drunkards' numbers from the young, the hellish traffic must come to a standstill.

Poor George Lewis! We knew him well. A young man, sprightly, handsome, talented, fitted to grace almost any walk in life, but in an evil hour he fell a pray to that soul and body destroyer, rum. Rum, thou emissary of hell, when will thy rule have its end, thy capacious maw be satisfied?

We have heard of a farmer in this country, one not lacking in worldly goods, who would steal the hat off your head were he to catch you asleep. He has been known to steal lumber, nails, sacks of wheat, coils of fence wire, &c., from his neighbors. If this should happen to meet his eye, we hope it may have the effect of turning him from his evil ways.

President Lincoln got off one of his best jokes apropos of the Joy Mountain battle in Eastern Kentucky. It will be remembered that this fight was fought as a great victory for the Federals, so much so that the whole third division of the Confederacy had surely been knocked out. If you have never heard the witty remark Mr. Lincoln made after the true returns of the memorable action came in, you have missed one of his best witticisms.

We have heard of a farmer in this country, one not lacking in worldly goods, who would steal the hat off your head were he to catch you asleep. He has been known to steal lumber, nails, sacks of wheat, coils of fence wire, &c., from his neighbors. If this should happen to meet his eye, we hope it may have the effect of turning him from his evil ways.

THE "Hathaway" fence wire is the most complete thing of the kind ever made. Can be used for fencing, gates, summer houses, arbors, trailing vines, &c. Frank Owens Hardware Company, agents.

THE Board of Church Extension of the M. E. Church, South, is in annual session at Louisville. The College of Bishops of that church will also hold a meeting this week. Nine of the ten Bishops will be present.

MR. JOHN RATEGAN, press agent for John Robinson's big show, is in town today, in his handsome advertising car, which can be seen at the foot of Market street. May 6 is the date on which the show will exhibit here.

THE Gazette says the street of Lexington are "in a hideous condition." It states that "they are floating seas of mud, with here and there almost bottomless holes to vary the agreeable character of the highway." They must be "hideous."

THE Covington correspondent of the Cincinnati Enquirer says: "M. M. Durrett, guardian of Louis Powell, made his final settlement Monday in the County Court. The amount transferred was \$32,337.98. He was allowed \$3,000 as guardian."

River News.

The river is falling at this point. There was no truth in the report that the St. Lawrence and Bonanza would soon be placed in the Portsmouth trade.

Captain Alex. Calhoun resumed his position as pilot on the Bonanza last night. He has been at home four weeks with the grippe.

The Bonanza for Pomeroy and Stanley for Charleston will pass up to night after 12 o'clock. The Keystone State and Sherley are due down this evening and the Boston late to-night.

The Point Pleasant Gazette says: "Recently Judge Guthrie passed an order compelling all ferries in the county to provide a bell, and that they should answer the bell when passengers ring it. The ferrymen between Mason City and Pomeroy have outwitted the court, as there is nothing said about where the bell rope shall be tied. Some one—and the ferrymen, of course, don't know who—has not only tied it up nearly out of reach, but put tar on it, until no one will touch it unless they are sent in a hurry for a Pomeroy doctor."

The Railways.

The schedule time of the C. & O.'s fast express between Cincinnati and Washington City has been shortened nearly four hours.

The earnings of the Chesapeake and Ohio for the month of March show an increase of \$88,259.01 over those for the corresponding month of last year. The figures are:

1891.....	\$ 659,799 60
1890.....	571,522 50

Increase.....\$ 88,259.01

The Chesapeake and Ohio people announce that C. and O. 2,000-mile tickets will not be honored for passage between Orange and Washington; 1,000-mile tickets of the C. and O.'s issue will, however, be honored for passage between the points named above.

Death of John Shawhan.

John Shawhan died yesterday at 2 p. m. at the home of his sister, Mrs. James Nolin on Walnut street, Fifth ward, after a lingering illness. He was very ill when he came here four weeks ago from Chicago. The change was made in hopes that it would bring about an improvement in his condition, but instead of improving, he continued to grow worse, and the end came yesterday.

Deceased was raised in Bourbon County, and was forty-one years old. His remains will be taken to Paris to-morrow morning, and, after funeral services in the Christian Church at that place, will be laid to rest by the side of his wife, who passed away some years ago. He leaves three children—two sons and one daughter.

To the Ladies.

Miss Niland announces her annual spring and summer opening for Tuesday, April 14th. She wishes to inform her patrons and the public generally that her stock, which has always been of a superior style, far surpasses anything she has ever yet displayed.

O. B. MAYHUGH, of Orangeburg, and S. E. Tully, of Mt. Carmel, have purchased the saw mill from the firm of Henderson & O'Bannon; consideration, \$750. The mill is situated in the mountains about four miles from Mt. Carmel. The gentlemen will enter largely into the lumber business.

A MAN named Lantz fell off a C. and O. trestle below here last evening and received serious internal injuries. He was brought here for treatment, and is at Mrs. Swartz's boarding house on Market.

BLACK HOSIERY

In the last few years Black Hosiery has become a household necessity. The buying of it is an important item to man, woman or child, and especially so to the wife and mother, upon whom falls the almost ceaseless task, darning. Naturally they all want to be satisfied upon three important points, namely: Are the goods durable? Are they perfectly stainless? Are they absolutely fast in color? We answer these questions with our **Ethiopian Dye Black Hosiery**. We guarantee every pair from 25c. up as absolutely fast and stainless, or money refunded.
